Rehearsal Summary

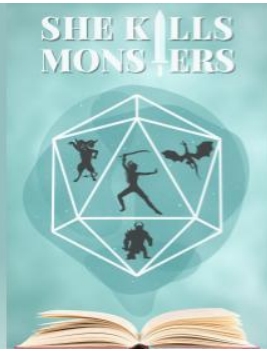

Most arrived early so Maddy did a walk-through of the spiked set/explained each platform/doors/etc. We started playing with new props for scene 2 with Miles and Agnes while puppeteers learned the choreography for the character sheet moments. We moved on to fight choreography and showing that and seeing what can change with puppeteers. We rearranged a lot of the fight choreography with CB and the puppeteers. We will have Tobie clean it up on a fight choreography day. We then had a break and then moved on to staging Scene 3.

Rehearsal Summary

Kyle Livingston explained character sheet choreography to the puppet corps and divided them up into teams (Agnes, Kaliopé, Lilith, Tilly). Puppetry core practiced the Character Sheet choreography. Puppetry and Actors ran through the Party Introductions together. Actors ran through fight choreography and puppets added in three monster movements. After break, the Puppetry Core moved up to Heather Hall to hear notes and finesse the sharp Character Sheet movements. Each Character Sheet and Shield was

assigned to a particular member of the Puppet Core. These assignments were specified in the [PUPPETRY ASSIGNMENT](#) document (found in the blocking subfolder).
